**Foamtreads®** originated in the 1950s. This revolutionary vulcanized construction created comfort slippers for the entire family. Today Foamtreads is firmly established as a premier comfort slipper brand.

For over six decades, **Foamtreads®** has grown into one of North America's leading slipper brands. We offer a unique, comfortable construction, available in different width. Our Indoor/Outdoor slippers offers customers a unique multifunctional product.

Today's **Foamtreads®** consumer looks for comfort and affordability in their buying decision. In the past, this customer may not have typically purchased slippers, but is now looking for one that is nontraditional in style and function.

Through market research and increased customer demand **Foamtreads®** continues to develop and market Outdoor Active Lifestyle Footwear that incorporates the same features and benefits as its traditional core program.

### Style and Substance of FoamTreads®

Our design team researches fashion markets around the globe for trends in materials, lasts and colors. Research and development allows **Foamtreads®** to continually be a leader and innovator in the branded slipper market.

All **Foamtreads®** products incorporate the following: Specially engineered lasts that ensure all FoamTreads styles have a sure and consistent fit. Our unique construction allows our products to be lightweight, flexible and extremely comfortable.
